

PWG Plenary Status Report

Workgroup for Imaging Management Solutions (WIMS/PMP)

October 4, 2011

Cupertino, California

Introduction

• **What WIMS is Doing**

- Supporting the existing IETF and PWG Printer and related MIB documents (PMP, FIN, JMP) including the advancement, extension and expansion of these standards.
- Advancing a basic public management elements structure for Hardcopy Services and Devices that draws upon existing structures and that utilizes a set of management elements that is consistent over the various management interfaces.
- Considering Hardcopy Device (MFD) management aspects in the light of changing usage, operational and security environments.
- Coordinating Hardcopy Device and Service management aspects with the model, protocol and security efforts of other PWG Working Groups.
- Correlating Hardcopy Device management aspects with other Device and Service management standards.

• **What WIMS is NOT Doing**

- Addressing the delivery of Hardcopy services.
- Defining a management service or protocol.
- Dealing with security issues other than observing security requirements imposed on the management of Hardcopy Devices or Services by IDS, IEEE2600 or other applicable security group.

Officers & Editors

- Co-Chairs:
 - Bill Wagner (Technical Interface Consulting)
 - Danny M. Brennan (GTS Services Delivery)
- Secretary:
 - NONE
- Document Editors:
 - Ira McDonald (High North/Samsung)
 - Rick Landau [CIM Printer Profile]

Activities and Status

- Set up process and procedure for PWG Imaging Power Management MIB (PWG Candidate Standard 5106.5-2011) compatibility demonstration.
 - Survey had three respondents.
 - Alternate approach, similar to IPP 2/x demo, is proposed.
 - No intention of advancing spec from candidate standard to standard at this time.
- MFD Alerts document current nearing WG last call, but statement of prototype is required.
 - Since specification defines both MIB and IPP conformance requirements, prototype for each of the two bindings is desired.
- CIM Printing Updates and Printer Profile activity is reactivated.

More Info/How to participate

- We welcome participation from PWG member companies and input from the user community
- The group maintains a Web Page and separate WIKI pages for WIMS and for CIM update
